Blacky took them with grudging arrogance, and studied the thick foliage of the interminable green [illegible] down beneath. He saw nothing and was going to turn the glasses back. Then he saw a single ghost through the trees. Then adjusting his vision he made out signs of Japs for miles back along that trail.

They had come through a [illegible] trap of dest[illegible] [illegible] of the fact had [illegible] Lieutenant Luke [illegible] [illegible] now seized [illegible] and [illegible] A sneeze or a [illegible] [illegible] of earth [illegible] roused those Japs for [illegible] [illegible] to lead them through that"

Blacky looked [illegible] with [illegible] and took the [illegible] of a man [illegible] [illegible] [illegible]

"[illegible] to you" [illegible] [illegible]

Blacky fought for [illegible] admitted. [illegible] [illegible] [illegible] lucky for the men [illegible]

"That's something [illegible] [illegible] the [illegible] [illegible]

"[illegible] guy [illegible] too [illegible] Blacky [illegible] [illegible]

"You didn't the lieutenant [illegible] [illegible] quest, could [illegible] And it takes something [illegible] just don't like to make [illegible] I [illegible] apart, too"

Blacky [illegible] [illegible] humor [illegible] "My sparks been [illegible] low"

Lieutenant Mays' [illegible] whispered [illegible] [illegible] brass into [illegible] [illegible] [illegible] [illegible] poor y thoughts "Get enough [illegible] to scout up and see what's there and get back without the whole Jap Army knowing you think you're pretty tough"

"Have I" Blacky demanded, and then groaned with a new pride in his uniform and the behaviour it entailed [illegible] a pride that was suddenly tied up in his next three words and that he could not explain. "Try me, sir".

The officer groaned, and then Blacky did something we would never have thought of in his life. He stuck out his hand in apology to a man he had hated, and who had bested him, and made him admit he was wrong, and darn near burned up his pride.

But Blacky was a soldier now
